Federal, State, County, Township & City Officials, Engineers & Contractors

## Users Evaluate Mowers They Like Best!

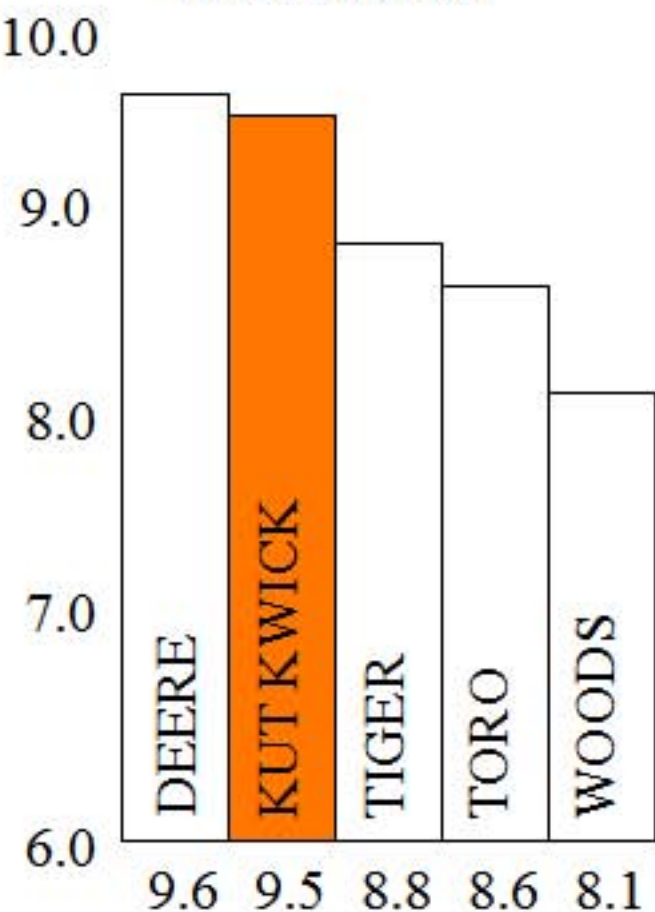

When you talk to the customers for professional heavy duty commercial mowers, you'll find Kut Kwick has long enjoyed a reputation for building top performing quality products. Confirmation of Kut Kwick's excellent reputation showed up in an article and survey published in "Better Roads" Magazine.

Survey participants included Federal, State, County, City and Township officials and engineers. The survey asked the participants to evaluate the mowers

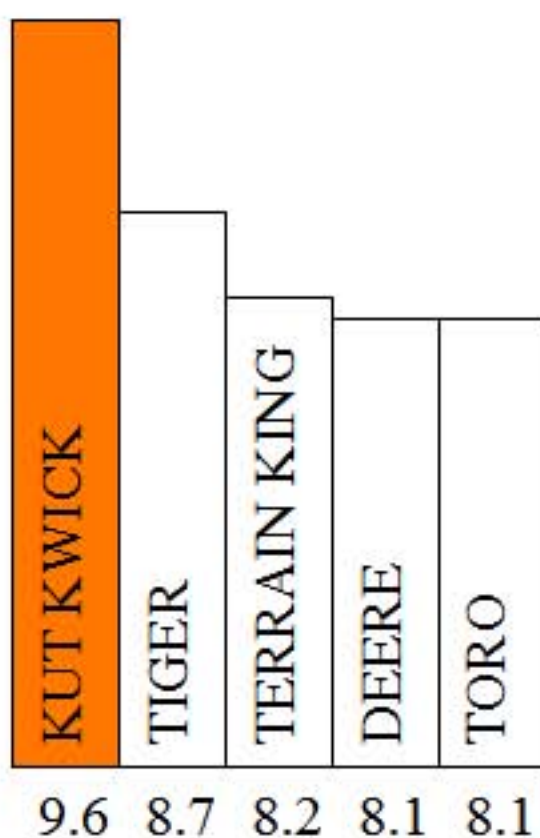

they liked best, and over 24 different manufacturers were named.

Kut Kwick's ranking in the three major categories was as follows: mowing effectiveness in flat areas, Kut Kwick and John Deere were virtually tied for 1<sup>st</sup> place. In mowing effectiveness on slopes, Kut Kwick was ranked No. 1 by a wide margin. And in the last major category, lowest operating costs, Kut Kwick and Toro tied for 1<sup>st</sup> place.

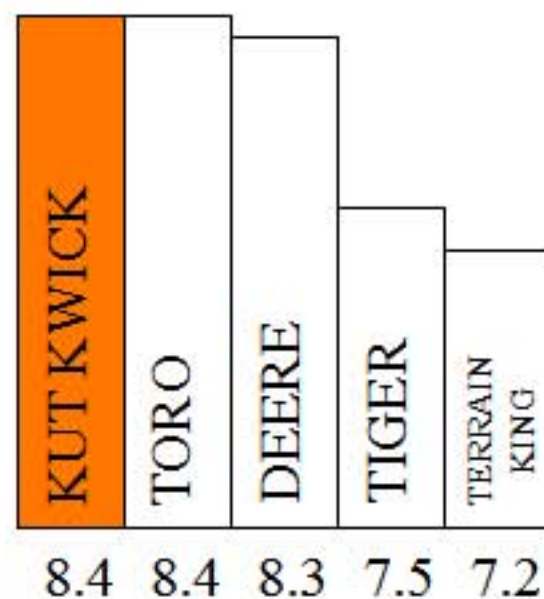

### EFFECTIVENESS FLAT AREA

### EFFECTIVENESS SLOPES

### LOWEST OPERATING COSTS

RATINGS: 0 is lowest, 10 is best
