Electronically controlled ZTR steering for simple, efficient, super responsive operation in both Manned and Remote Modes.

Powered by Yanmar liquid cooled 25 HP turbo diesel engine.

Designed to mow grass and weeds transversely on slopes up to 40°.

## ABOUT

Introducing the SlopeMaster SM-T4RC, the newest addition to the Kut Kwick fleet of slope mowers. This unique 60" ZTR slope mower comes with an easy to use remote control to hit those spots that are too rough for a manned machine. Two swappable, rechargeable batteries and a portable charging station are included to keep you mowing all day long!

## CORE SPECIFICATIONS:

- ✓ 60" Cut Width, 1.5" to 5.5" Manually Adjustable Cut Height
- ✓ Dual Speed Propulsion
- ✓ Tilting Operator's Seat
- ✓ Up to 125 Yard Remote Control Range

## Available Options

- Canopy
- Light Kit
- Rotary Beacon

## Safety

- Operator positioned rearward to allow for max visibility and safety
- ROPS SAE-1040(c)
- Lanyard connected kill switch
- Patented tip-up stop to prevent rearward rollover

## General Info

- Tilting operator's seat keeps operator in upright position on steep slopes
- Dimensions: 112"L, 75"W, 81"H
- Weight: 2,688 lbs
- Drive Tires: Dual 23x8.5-12" 4-Ply Ag-tread
- Front Casters: 13x5" semi-pneumatic
- Dual speed propulsion
- Mows great on slopes as well as flat terrain

## Remote Control

- Designed to mimic manned controls for ease of use in both operating modes
- Range of up to 125 yards
- Operator Detection & Emergency Shutoff
- Comes with 2 batteries, neck strap, and portable battery charger

## Cutter Deck

- 60" cutting width
- Adjustable cutting height, 1.5" to 5.5"
- Front mounted, rear discharge
- 3 hydraulically driven, 3/8" blades, available in flat, medium, and high lift
- Designed for mowing grass and weeds on flat or steep terrain, up to 40°

## Engine

- 25 HP Yanmar water cooled turbo diesel
- Tier 4 Final EPA
- Designed for continuous slope mowing
- Special air filter design for use in extreme conditions
- Dual deck mounted fuel tanks for all-day mowing
